

NUTRITION SUPPORT SYMPOSIUM 2009

Twenty-Fourth Annual Meeting

Friday, September 25, 2009

Radisson Denver Stapleton Plaza Hotel

Colorado Society for Parenteral and Enteral Nutrition (CSPEN) is proud to announce our inaugural meeting in conjunction with the Colorado Pharmacists Society (CPS)! Full-day registrants for either society will be able to attend both CSPEN and CPS sessions.

For more information on the CPS Fall Meeting Program, visit www.copharm.org.

Learning Objectives

- List rationale and limitations of the new SCCM/ASPEN Critical Care Guidelines.
- Define the effects, appropriate management and long-term complications of patients with short gut syndrome.
- Demonstrate knowledge in:
 - Complications of enteral nutrition
 - Refeeding syndrome
 - Enteral nutrition in the critically ill pediatric patient
 - Implementation of a tube placement team
 - Use of omega-3 fatty acids in patients requiring nutrition support.
- Develop a treatment plan for management of common electrolyte disorders in patients receiving nutrition support.
- Identify differences between inpatient and home nutrition support regimens. List the benefits of pre-discharge planning with home nutrition support.
- Describe legal and ethical aspects related to advanced directives and artificial nutrition risks. Identify the benefits and burdens of artificial nutrition for patients with advanced malignancies and dementia.
